2026 Italy Trip

This curated review of the 2026 Italy tour. JVT Tours and Travel offers a comprehensive, multi-city journey through Italy's cultural, historical, and culinary highlights, spanning Rome, Florence, Tuscany, and Venice.

The expedition begins with an overnight flight from JFK to Rome. Travelers kick off their Roman experience with a hop-on-hop-off city of Rome tour featuring entry to the historic Colosseum, followed by a dedicated second day exploring Vatican City and the iconic Sistine Chapel.

On day three, the group transitions by train to Florence. The Florentine leg balances structured excursions with personal leisure, offering opportunities to visit the Leonardo da Vinci Museum, view Michelangelo's *David* at the Galleria dell'Accademia, and explore local flavors at the Mercato Centrale.

The journey into Italian culture deepens with a half-day guided wine tasting and lunch in the Tuscany countryside, alongside an excursion to Pisa to witness the world-famous Leaning Tower.

The tour includes a scenic train from Florence to Venice, providing travelers with seamless transportation logistics, upscale hotel accommodation, and a perfect blend of guided iconic sightseeing and independent exploration.
